GENERAL INFORMATION

The purpose of this modification is to extend the period of performance for completion of this Task Order from "28 February 2012" to "06 April 2012".

Accordingly, said Task Order is modified as follows:

The end of the Task Order performance is extended from "28 February 2012" to "06 April 2012". This extension is required in order to allow sufficient time to award a new Task Order for the same services. Accordingly, wherever "28 February 2012" appears as the end of the period of performance, it is hereby changed to read "06 April 2012".

A conformed copy of this Task Order is attached to this modification for informational purposes only.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

STATEMENT OF WORK

This is a performance-based statement of work. The effort performed hereunder will be evaluated in accordance with the performance standards / acceptable quality levels described in the attached Performance Evaluation Table and the evaluation methods described in provision CAR H07.

1.0 INTRODUCTION

The contractor shall perform the following task efforts in support of stealth technology development, ship design applications, and fleet support implementation under the USS VIRGINIA (SSN774), follow-on submarine, advanced submarine technology development, the DDX and follow-on surface and advanced naval vehicles, advanced ship concepts, stealth/survivability and technically related Navy programs. The unique cost-reduction, special mission performance, design interoperability, and major technical issues of the foregoing programs shall be considered to achieve the acquisition cost containment, operational performance, and established program/project goals. The contractor shall evaluate advanced technologies, define and assess specific technology issues/initiatives and approaches, and provide recommendations and implementation-support documentation to realize acoustic/non-acoustic signature and survivability technology potentials and achieve program/project performance, technical, schedule and cost goals. The task is comprised of sixteen (16) related elements, which shall be accomplished to provide deliverables that support established project schedules.

(1) Review and analyze operational stealth performance issues/goals and conduct empirical and analytical research involving the application of theory through computational and physical modeling. Develop/evaluate experimental plans. Plan, conduct, evaluate and document small model, large model and full-scale test results. Verify, update and extend stealth acoustic/non-acoustic signature source and mechanism theory for conventional and new ship/system design concepts. Develop and demonstrate novel experiment support apparatus.

(2) Review potential naval vehicle radiated, platform, sonar self-noise, and non-acoustic signature reduction technologies. Review and evaluate hydroacoustic, structural acoustic, magnetic, infrared signature, survivability and related technology transition alternatives. Conduct technology maturity, risk, practicality, transition feasibility and related assessments and develop recommendations. Develop and document technical and programmatic approaches for hydroacoustics signature reduction technology development and exploitation. Prepare plan of action and milestones (POA&M) and program planning support documentation including test plans, test and evaluation master plans (TEMP), and individual task management plans (ITMPs).

(3) Review signature reduction technology ship design applications, tradeoffs and ship impacts. Conduct design concept maturity, risk and related assessments. Prepare and document design concept development recommendations. Prepare design component development plans, and R&D planning documentation.

(4) Review and analyze program hydroacoustic, structural acoustic and survivability performance goals. Define and document technical objectives to support performance goal achievement. Identify and organize multi-disciplinary technical efforts to accomplish the necessary design support products including specifications, drawings and data sheets. Analyze ship design milestones and define design input needs. Conduct schedule, cost, risk and related technical assessments of the major elements impacting design success. Develop documentation, which identifies and documents controlling interactions among participating design component elements. Develop integrated multi-organization, multidisciplinary technical plans and program management support documentation including project master plans, briefings and FYDP inputs.

(5) Review and evaluate signature development support project technical developments and progress. Conduct schedule, cost, risk and technical assessments. Develop and document technical and programmatic recommendations to support achievement of program goals. Develop program periodic and annual progress reports and management support documentation including MS Project, PERT cost/schedule and ITMP. Develop and provide FYDP plan inputs in RDT&E, SCN, O&MN and OPN planning formats. Develop, maintain and update project support databases and documentation.

----------------------------------	----------------------------	----------------------------------	-------------------	-------

(6) Analyze acoustic/non-acoustic signature reduction and survivability program technical, performance, cost, schedule, design and related issues. Develop analysis assessments, recommendations and support documentation. Develop program support documentation including POA&Ms, memoranda of agreement/understanding (MOA/MOU), T&E plans, FYDP inputs, and program technical, schedule and financial issue reports.

(7) Review potential acoustic/non-acoustic signature reduction experimental, research and design support computational tool technology applications. Conduct technology maturity, risk, transition feasibility and related assessments. Develop and document integrated approaches for computational tool development and validation. Prepare POA&M, MOA/MOU, program plan and model validation plans.

(8) Review and evaluate materials for potential application to signature and survivability improvement. Review and evaluate technology transition alternatives. Conduct technology maturity, risk, practicality, transition feasibility and related assessments and develop recommendations. Develop and document technical and programmatic approaches for technology development and exploitation. Prepare POA&M, program planning, briefings, progress report, and related management support documentation.

(9) Develop, compile and assess data and documentation pertaining to the specification, acquisition and application of active and passive materials for signature reduction and survivability performance, cost, and life cycle reliability improvement in conventional and new concept naval vehicles, systems and military devices. Prepare installation support and training documentation for material applications. Analyze material fabrication techniques and alternatives and develop recommendations for increasing effectiveness and reducing cost. Provide material fabrication, installation and training support. Prepare acquisition specifications and design documentation.

(10) Review and analyze conventional and new concept propulsor signature and other defined propulsor performance goals. Define and document technical objectives to support performance goal achievement. Identify, organize and document multi-disciplinary technical efforts to accomplish the necessary propulsor design support products. Conduct schedule, cost, risk and related technical assessments of the major elements impacting performance success. Identify and document controlling interactions among contributing design elements. Develop integrated propulsor program technical plans. Prepare POA&Ms and program management support documentation including POA&Ms, memoranda of agreement/understanding (MOA/MOU), T&E plans, FYDP inputs, and program technical, schedule and financial issue reports.

(11) Review and evaluate propulsor signature development and product improvement program technical developments and progress. Conduct schedule, cost, risk and technical assessments. Develop and document technical and programmatic recommendations to support achievement of program goals. Analyze propulsor signature reduction program technical, performance, cost, schedule and ship design support issues. Develop analysis assessments and documentation. Develop and provide program support documentation including POA&Ms, T&E plans, progress reports, and program technical, schedule and financial issue reports.

(12) Compile, organize and document propulsor design guidance support information. Develop and recommend documentation formats for translating design guidance information into parameters that can be utilized in propulsor hydrodynamic, structural and acoustic design. Develop and document propulsor acoustic design guidance documentation including procedures and specifications.

(13) Review potential propulsor signature reduction design support computational tool technology applications. Conduct technology maturity, risk, transition feasibility and related assessments. Develop and document integrated approaches for computational tool development and validation.

(14) Perform engineering and data analyses in support of signature measurement experimental and test activities. Develop, document and demonstrate signal and data processing algorithms and procedures for defining signature temporal, spectral and spatial characteristics and behavior. Participate in measurement and support system development and documentation. Perform data acquisition, verification and validation. Prepare test data packages from model and full-scale tests in the established formats. Provide recommendations for T&E system performance improvement and operating cost reduction.

----------------------------------	----------------------------	----------------------------------	-------------------	-------

(15) Review analysis data and prepare draft technical reports. Review and edit draft and preliminary technical reports.

(16) Perform analyses and reviews in support of definition, establishment, evaluation and implementation of new signature/survivability initiatives to support achievement of operational mission requirements and needs. Develop, provide and present documentation to support achievement of naval mission support project goals and objectives. Provide documentation to support project acquisitions. Design, fabricate, install and demonstrate equipment to support RDT&E and system operations.

3.0 TRAVEL

Performance of the task will require frequent travel to NSWC Carderock Division and a number of other activities within and beyond the Washington DC metropolitan area for the purpose of obtaining data and documentation, presenting and discussing technical issues and participating in technical reviews associated with task performance. Such activities will include: Naval Sea Systems Command (NAVSEA) and Defense Advanced Research Projects Agency (DARPA), Washington DC; Naval Undersea Warfare Center (NUWC) Newport; NSWCCD Acoustic Trials Detachment (ATD), Cape Canaveral FL; NSWCCD Acoustic Research Detachment (ARD), Bayview ID; ARL Penn State University, State College PA; General Dynamics Corp, Groton CT and Bath ME; Northrop Grumman Shipyards, Newport News VA and Pascagoula MS; and fleet commands.

4. PERFORMANCE PERIOD

The period of performance under the task order is five (5) years.

5. SECURITY REQUIREMENTS

Security requirements shall be as stated in the DD Form 254, Contractor Security Classification Specification.

CAR-G11 INVOICE INSTRUCTIONS (APR 2007) (NSWCCD)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Surface Warfare Center, Carderock Division (NSWCCD) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are "Getting Started for Vendors" and "WAWF Vendor Guide".

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(d) The following information regarding invoice routing is provided for completion of the invoice in WAWF:

WAWF Invoice Type: COST VOUCHERS
Issuing Office DODAAC: N00167
Admin DODAA: S2101A
Inspector DODAAC (if applicable): N/A
Acceptor DODAAC: N62182
LPO DODAAC (if applicable): N/A
Pay DODAAC: HQ0338
DCAA Auditor DODAAC (if applicable): HAA211

Attachments created in any Microsoft Office product may be attached to the WAWF invoice, e.g., backup documentation, timesheets, etc. Maximum limit for size of each file is 2 megabytes. Maximum limit for size of files per invoice is 5 megabytes.

(e) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be

prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the following blocks. This additional notification to the government is important to ensure that the acceptor/receiver is aware that the invoice documents have been submitted into WAWF.

Send Additional Email Notification To:

(f) The contractor shall submit invoices for payment per contract terms and the government shall process invoices for payment per contract terms.

(g) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NSWCCD WAWF point of contact Faye Britter at (301) 227-1172 or faye.britter@navy.mil.

(End of Clause)

SEA 5252.232-9104 ALLOTMENT OF FUNDS (MAY 1993)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

(b) The parties contemplate that the Government will allot additional amounts to this contract from time to time for the incrementally funded CLINs/SLINs by unilateral contract modification, and any such modification shall state separately the amount(s) allotted for cost, the amount(s) allotted for fee, the CLINs/SLINs covered thereby, and the period of performance which the amount(s) are expected to cover.

(c) CLINs/SLINs 100001 through 100099, 100101 through 100199, 100201 through 100299, 100301 through 100399, 100401 through 100499, 300001 through 300094 and 400001 through 400012 are fully funded and performance under these CLINs/SLINs is subject to the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable.

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the costs of performance of fully funded CLINs/SLINs.

SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance

CONTRACT NO. N00178-04-D-4093	DELIVERY ORDER NO. FD01	AMENDMENT/MODIFICATION NO. BF	PAGE 92 of 138	DRAFT
----------------------------------	----------------------------	----------------------------------	-------------------	-------

of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be 200,000 total man-hours of direct labor (based upon the Government estimate of 200,000 man-hours, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

(b) Of the total man-hours of direct labor set forth above, it is estimated that ___ (to be identified at the task order level) man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (j) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately 769.23 hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of this contract, the Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows: $\text{Fee Reduction} = \text{Fee} (\text{Required LOE} \text{ minus } \text{Expended LOE} \text{ divided by } \text{Required LOE})$ or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man hours up to five percent in excess of the total man hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

SECTION H SPECIAL CONTRACT REQUIREMENTS

CAR-H07 PROSPECTIVE FEE AMOUNT REDUCTION INCENTIVE PLAN (APR 2004) (NSWCCD)

(a) Introduction: The contractor's performance under this task order will be evaluated by the Government as described in this clause. The first evaluation will cover the period ending twelve months after date of task order award with successive evaluations being performed for each twelve-month period thereafter until the contractor completes performance. For each twelve-month period, the Government will evaluate the contractor's performance. The evaluation will encompass all work performed by the contractor at any time during the twelve-month period but will not include cumulative information from prior reports. However, at the discretion of the Contracting Officer, the evaluation may be waived where the work performed by the contractor during the twelve-month period is less than 90 days. Based on the evaluation results, the Contracting Officer will assign an overall performance rating in accordance with paragraph (b) of this clause. If the Contracting Officer assigns an "Unsatisfactory" performance rating for the period evaluated, the Contracting Officer will take unilateral action to provide for a fee reduction covering the performance period evaluated.

(b) Performance Ratings: The Government will evaluate the contractor's performance of the Statement of Work, and the Contracting Officer will assign one of the following ratings:

- (1) Excellent
- (2) Very Good
- (3) Satisfactory
- (4) Unsatisfactory

The standards associated with these ratings are given in the following Table 1.

Table 1: Overall Performance Ratings for Individual Task Orders

Overall Performance Rating	Standard
Excellent	"Excellent" ratings for all performance evaluation criteria.
Very Good	A combination of "Excellent" and "Satisfactory" ratings determined by the Contracting Officer to exceed Satisfactory" overall.
Satisfactory	A minimum of "Satisfactory" ratings for all performance evaluation criteria.
Unsatisfactory	A rating of "Unsatisfactory" for one or more performance evaluation criteria.

(c) Incentive Objectives. The purpose of including a prospective fee amount reduction incentive in this task order is to ensure that the Government receives at least "Satisfactory" overall performance under each task order.

(d) Performance Evaluation Criteria. The contractor's performance will be evaluated using the criteria and standards provided for each objective, and identified in the attachment entitled, "Contractor Task Performance Evaluation Criteria and Standards Table" and Clause H-07.

(e) Organization. The performance evaluation organization consists of the Contracting Officer, who will serve as the Incentive Determining Official, and the Contracting Officer's Representative (COR) (the COR is replaced by a Task Order Manager (ToM) for SeaPort-e task orders). In some instances, a Technical Point of Contact (TPOC) will be assigned to the task order in lieu of a COR/ToM.

----------------------------------	----------------------------	----------------------------------	--------------------	-------

(1) Contracting Officer: The Contracting Officer is responsible for properly administering the performance evaluation process, maintaining the official performance evaluation file, and making incentive determinations.

(2) COR: The COR maintains the written records of the contractor's performance so that a fair and accurate evaluation is obtained. The COR coordinates and compiles the evaluation reports. In the case of a SeaPort-e task order, in lieu of a COR, a Task Order Manager (ToM) will maintain the records and coordinate/compile the evaluation reports.

(3) Technical Points of Contact (TPOCs). When assigned, the TPOC will provide ongoing performance monitoring, evaluate task performance based on the task order SOWs and assist in the preparation of the evaluation report .

(f) Evaluation Schedule. Each performance evaluation period will be 12 months in length. The Government will evaluate all work performed by the contractor at any time during the twelve-month period unless waived by the Contracting Officer in accordance with paragraph (a) of this clause. Following each evaluation period, the Contracting Officer (or Contract Negotiator if so designated by the Contracting Officer and the COR/TPOC/ToM, as appropriate, will hold a meeting with the contractor's Senior Technical Representative to review performance under the task order, including overall trends, specific problem areas, if any, and their resolution. Other Government and contractor personnel may also participate as deemed appropriate.

(g) Contractor's Review of the Evaluation Report and Self-Evaluation. The Contracting Officer will provide the evaluation report to the contractor as soon as practicable after completion of the evaluation. Contractors shall be given a minimum of 15 calendar days to submit comments, rebut statements, or provide additional information. The contractor may also submit a Self-Evaluation Report for consideration. The report must include an overall performance rating for the contract or task order covering the evaluation period and may include whatever information the contractor deems relevant to support that rating. The report shall not exceed two (2) pages in length.

(h) Incentive Determination. The Contracting Officer will make an incentive determination for each task order at the end of each evaluation period. The determination will be based upon the COR's/TPOC's/ToM's recommendations, the contractor's comments including any Self-Evaluation Report, and any other information deemed relevant by the Contracting Officer. The Contracting Officer shall resolve disagreements between the COR's/TPOC's/ToM'S recommendations and the contractor's comments/report regarding the evaluation. The Contracting Officer's incentive determination is unilateral and final. The Contracting Officer will document the determination and provide a copy to the contractor.

(i) This performance evaluation does not replace any other requirement for evaluating contractor performance that may be required by this task order such as a Contractor Performance Assessment Reporting System (CPARS) report, or a Task Order Performance Evaluation (TOPE) report in the case of a SeaPort-e task order.

Clause HQ C-2-0037 "ORGANIZATIONAL CONFLICT OF INTEREST" (NAVSEA)(JUL 2000) is hereby invoked in accordance with the Basic Contract.

SECTION I CONTRACT CLAUSES

Section I clauses in accordance with the base IDIQ contract.

52.211-14 NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE USE (SEP 1990)

Any contracts awarded as a result of this solicitation will be a DO rated order certified for national defense use under the Defense Priorities and Allocations System (DPAS) (15 CFR 350), and the Contractor will be required to follow all of the requirements of this regulation.

CAR-I18 TECHNICAL INSTRUCTIONS (DEC 2001)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Task Order Manager. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor that suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the statement of work.

(2) Guidelines to the Contractor that assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the task order. Technical instructions may not be used to :

(1) assign additional work under the task order;

(2) direct a change as defined in the "Changes" clause of the base contract;

(3) increase or decrease the contract price or estimated amount (including fee), as applicable, the level of effort, or the time required for task order performance; or

(4) change any of the terms, conditions or specifications of the task order.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the task order or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contracting Officer notifies the Contractor that the technical instruction is within the scope of this task order.

(d) Nothing in the paragraph (c) of this clause shall be construed to excuse the Contractor from performing that portion of the task order statement of work which is not affected by the disputed technical instruction.
